

## About Jordan – by Friend, Abbey Young

Me and Jordan, we go back about 10 years. I don't think there was one thing that me and her didn't know about each other. She was my best friend, my ski buddy, my Jojobedobo! I had such a special opportunity with Jordan that I wish more people had. On October 26th she sent me a text asking 'what would you say to me if you knew I was going to die tomorrow'. At the time I told her what immediately popped into my head, I love you so much, you are my best friend, I wish I got to see you more, and I'd miss you to the moon and back x1239183. But now I think of thousands of other things I should have said, but there aren't enough words to express how i feel. I'll miss our my little princess movie marathon sleepovers. I can't even remember how many times we watched that together!, about two Christmases ago Jordan bought me a build-a-bear named Emily, the same name as the doll in a little princess, and she said to me 'Because we are far apart, when ever you need a hug, hug Emily and I'll be hugging you right back!' I hug that bear everyday. There's so much more i could say but i wrote a song for Jo called My Perspective and it sums up our time together. I love Jordan and i miss her to the moon and back.

I put our life into perspective  
And what did I find?  
I'll tell you what I found I found a  
Lifetime of happiness and silliness,  
And goofiness, and love.  
There's nothing that I would change  
But if I could have one  
more moment with you  
I would take all the love that you  
gave to me And pour it on you

I, I love you and I wanna  
Take this time to say that  
I, I miss our crazy ways and  
Those endless days.

I love how you lived with  
Integrity, and honesty and bravery  
Even when the going got tough  
You pulled on through,  
You impacted so many people  
Know that, Believe that

I, I love you and I wanna  
Take this time to say that  
I, I miss our crazy ways and Those endless days.

What we had was unexplainable,  
Un-comprehensible to anyone but us,  
But it's what we were,  
we made it work  
And its why,

I, I love you and I wanna  
Take this time to say that  
I, I miss our crazy ways and  
Those endless days.
