

About Jordan – by Teacher, Shannon Grinnell

While I didn't know Jordan personally, I was struck by the impact she had on an overwhelming number of students at GHSS. As such, I wanted to capture the love and heartfelt sentiments in a video that would pay tribute to Jordan's short but important time with us. I learned that she was an exceptional young lady with an incredible joy about her. She had a rare optimistic spirit that was contagious and a strength in her soul that lifted the hearts of many. Those who had the pleasure of knowing her were truly blessed for the time they shared with Jordan.
